A CALM RETREAT IN THE WINDY CITY

Located in the West Loop, Foundations Chicago provides patients with a serene setting perfect for healing and renewal. Tucked away from the bustling city life outside, our comprehensive outpatient facility is a space for individuals to find support and encouragement for their personal goals. As patients learn to use new tools and create healthy habits, they lay the foundation for an energized life in recovery.

A CUSTOMIZED RECOVERY EXPERIENCE

At Foundations Chicago, our treatment programs work because they're based on what we believe in—our patients. We begin with what makes each individual unique, addressing their specific needs, strengths and goals to build a customized recovery plan that's motivating and effective. With a variety of programming and flexible meeting times, we are dedicated to providing outpatient treatment tailored to your lifestyle.

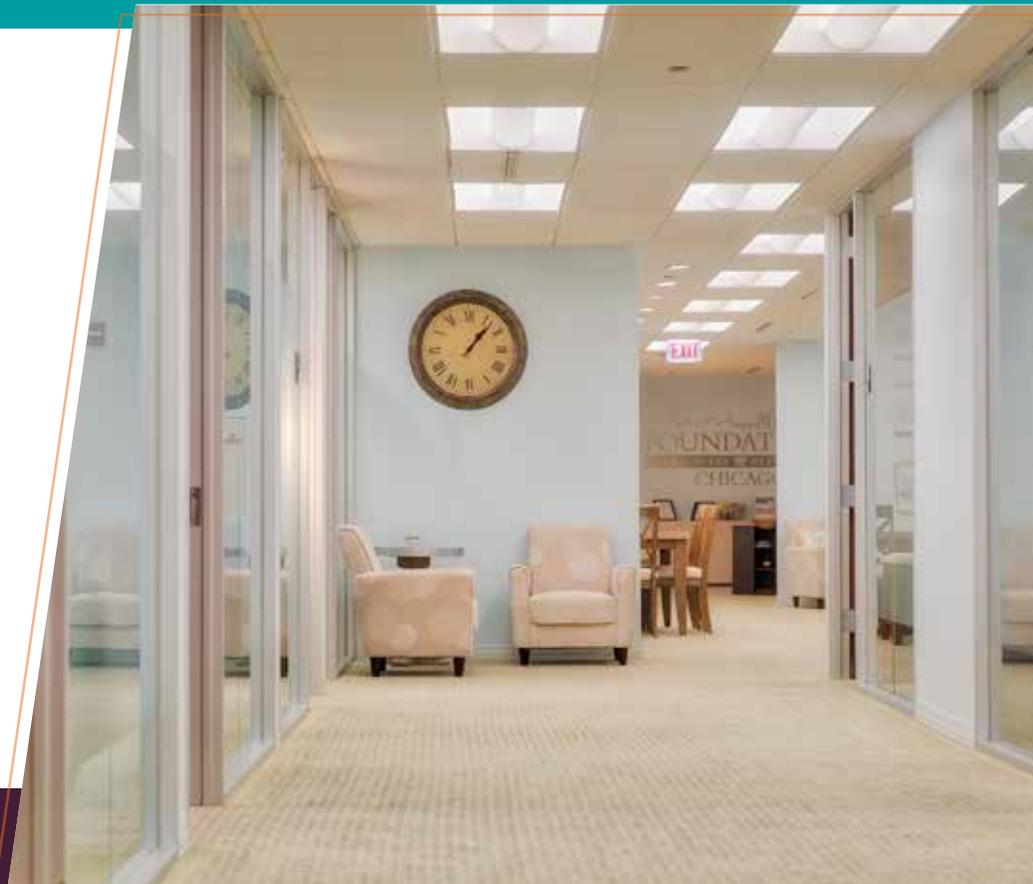

TREATMENT YOU CAN TRUST

When you or a loved one chooses Foundations Chicago, you benefit from a legacy of time-tested results and personable, trusted care. Research shows that our methods of treating the whole patient provide the best chance of long-term recovery. We are dedicated to evidence-based, integrated treatment that addresses both addiction and co-occurring mental health issues like trauma, anxiety, bipolar disorder or depression.

ABOUT YOUR RECOVERY PATH

Because we're committed to comprehensive, patient-centered care for both substance use and underlying mental health conditions, we are not only able to address surface problems, but also get to the root of addiction. Our range of services includes varying levels of care, such as Intensive Outpatient and Partial Hospitalization Programs, as well as holistic treatment, including art, massage and adventure therapies.

OUR TEAM

While our facility is in a prime location and we're committed to the highest quality of patient care, it's the people that make the difference at Foundations Chicago. Each staff member meets patients wherever they are on their recovery journey, ready and determined to support them every step of the way. With a full team of master's level therapists specializing in addiction and associated psychological problems, the faces behind our treatment programs can be trusted to empower individuals to become their best selves.

THE FRN DIFFERENCE

Foundations Chicago is part of Foundations Recovery Network.
