## **SET A NEW COURSE AT BLACK BEAR**

Located in the serene forest foothills of northern Georgia, Black Bear Lodge is a place of solace and healing for those dealing with addiction and mental health issues. Encompassed by the Chattahoochee National Forest, patients can reflect under the expansive Georgia sky and gentle beauty of nearby Mt. Yonah. Therapeutic and specialty groups are paired with experiential activities and a family program to create a comprehensive treatment experience.

## **REDISCOVER PURPOSE, HEALTH AND HOPE**

At Black Bear, we create individualized treatment plans for every patient to provide a program that is the right fit for their specific needs. Through individual, group and educational sessions along with participation in activities like art therapy, yoga, hiking and zip-lining, individuals rediscover themselves. Families are integrated into the treatment process too, because recovery of the family can promote wellness and provide support.

## **TIME-TESTED METHODS, PROVEN RESULTS**

When it comes to your recovery, you want to know you're getting a program that works. Black Bear's evidence-based, integrated treatment addresses both addiction and co-occurring mental health issues with proven results. Our methods are time-tested and show healthy rates of long-term recovery that exceed the national average. And patients can continue treatment with us in an outpatient setting at Foundations Atlanta or Foundations Roswell.

## **DIGGING DEEPER INTO ADDICTION**

We don't just treat the substance use and surface issues. We go deeper into the disorder of addiction and help patients identify ways to move forward in a fulfilling life of recovery. A commitment to patient-centered care and our motivational approach allows us the flexibility and focus to address each individual's unique needs, finding the methods that can best lead to success.

## **OUR TEAM**

Black Bear's beautiful setting and acclaimed treatment programs don't matter without an experienced, caring treatment team behind them. Our professional, compassionate staff, led by Black Bear CEO Adam Marion, is committed to helping each patient overcome their addiction and find a new path. With their encouragement and guidance, it's possible to not just live a life in recovery but to thrive post-treatment.

## THE FRN DIFFERENCE

Black Bear Lodge is part of Foundations Recovery Network. Our programs have been cited as the “gold standard” in the behavioral health industry, classified in the top five percent of treatment programs according to the Dartmouth Psychiatric Research Center. FRN provides a full scope of services for those in need of treatment from residential and partial hospitalization to outpatient and aftercare.
