MICHAEL'S HOUSE

FINDING WHO YOU ARE MEANT TO BE

An oasis of healing and recovery, Michael's House Treatment Center is nestled at the base of the San Jacinto Mountains in Palm Springs, California. This beautiful desert setting is away from the hustle and bustle of the city but in close proximity to Los Angeles. Our warm, welcoming atmosphere provides individuals with the support, compassion and education to address their specific recovery needs. In the process, they also discover who they are truly meant to be.

A PURPOSEFUL PLAN FOR A HEALTHY LIFE

We offer a system of care that includes Detox, Residential, Partial Hospitalization, Intensive Outpatient and Outpatient treatment for addiction and co-occurring mental health disorders. We recognize that everyone is not the same, so we create individualized treatment plans for each patient to provide a program that is just right for them. Through individual, group and educational sessions along with participation in art therapy, yoga and more, individuals rediscover themselves.

FOCUSED TREATMENT FOR SPECIFIC NEEDS

Recovery isn't one size fits all. At Michael's House, we know that different people have different treatment needs, so we offer gender-specific programs, an LGBTQ track comprised of educational and process groups, a supportive sleep program, trauma resolution and other specialty support groups. Combined with holistic offerings like adventure therapy and recreational activities, this creates a comprehensive program aimed at healing.

TIME-TESTED METHODS

Michael's House is dedicated to providing comprehensive, evidence-based, integrated treatment that addresses both addiction and co-occurring mental health issues. Our proven methods result in healthy rates of long-term recovery, and a commitment to patient-centered care allows us the flexibility to address each patient's unique needs. Patients also have the opportunity to continue treatment on an outpatient basis at our nearby sister facility.

OUR TEAM

Beautiful scenery is nice and specialty programming is important, but it's our caring treatment team that empowers each patient to reach their recovery goals and find the healthy, wholesome and fulfilling life they deserve. With a wealth of expertise, our professional, compassionate staff is committed to working together to inspire each other and bring out the best in everyone who walks through our doors.

THE FRN DIFFERENCE

Michael's House is part of Foundations Recovery Network. Our programs have been cited as the "gold standard" in the behavioral health industry, classified in the top 5 percent of treatment programs, according to the Dartmouth Psychiatric Research Center. FRN provides a full scope of services for those in need of treatment from residential and partial hospitalization to outpatient and aftercare.
