THE CANYON at PEACE PARK

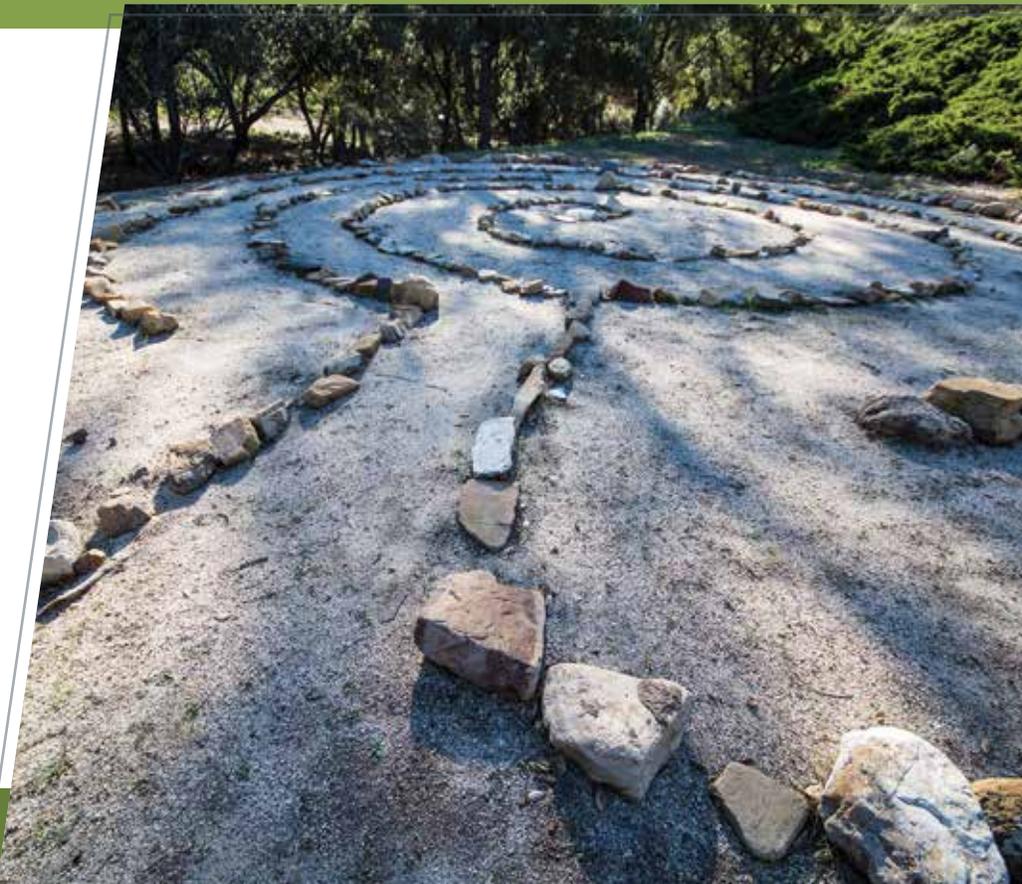

THE SERENITY NECESSARY TO HEAL

The Canyon at Peace Park is a private, secluded retreat in the beautiful hills of Malibu, California. Our treatment philosophy is simple: specialized, cutting-edge care, recovery plans tailored to the individual, a supreme healing environment, and a program that addresses both substance use and co-occurring mental health conditions. In a compassionate, fine-tuned approach, The Canyon treats the whole person.

A UNIQUE PROGRAM TO MEET UNIQUE NEEDS

Features like low patient-to-staff ratios, individualized treatment plans, medication-assisted treatment (MAT) and an on-site chef help set The Canyon apart. Individual, group and educational sessions are balanced with activities to fit each person's needs, from equine therapy and yoga to running sand dunes. Then add in personal time in the meditation dome, by the pool or in the workout room — all designed to allow individuals to rediscover who they are meant to be.

PROVEN, LASTING SUCCESS

All programs are not created equal, and our proven methods result in healthy rates of long-term recovery that are above the national average. At The Canyon, we are dedicated to providing evidence-based, integrated, holistic treatment that addresses addiction and co-occurring mental health issues concurrently. And patients have the option to step down to an outpatient setting at our sister facilities in Santa Monica or Los Angeles.

TIME-TESTED TREATMENT METHODS

A commitment to patient-centered care and a motivational approach allows us the flexibility and focus to address each patient's specific needs. Program components can include DBT, trauma resolution, healthy boundaries, codependency, mood management, grief/loss, mindfulness and more. We also offer monthly "Heal the Family" workshops, educational family groups and weekly family therapy — all aimed at uncovering the root causes of addiction.

OUR TEAM

A program is only as good as the professionals who lead it. The Canyon's beautiful setting and highly acclaimed treatment methods are enhanced by our experienced, caring treatment team. Our professional, compassionate staff is committed to inspiring each patient to do nothing less than discover the person they were always meant to be. Their belief in every individual's potential is instrumental in putting them on the path to lasting recovery.

THE FRN DIFFERENCE

The Canyon is part of Foundations Recovery Network. Our programs have been cited as the “gold standard” in the behavioral health industry, classified in the top five percent of treatment programs according to the Dartmouth Psychiatric Research Center. FRN provides a full scope of services for those in need of treatment from residential and partial hospitalization to outpatient and aftercare.
